[1] Charges are applied cumulatively on a tier base (i.e. transfer out fee for digital assets in value between 500K and 2M is the sum of the fees for the different tranches: the first 500K is charged according to the first tier fee and the remaining amount is charged according to the second tier fee.). Blockchain network fees might be applicable.

[2] Charges are applied cumulatively on a tier base per token per custody account (i.e. custody fee of digital/tokenized assets in each custody account is the sum of the fees for the different tranches per token: the first 500K per token is charged according to the first tier fee, the next 500K to 5M per token is charged according to the second tier fee and the remaining amount per token is charged according to the third tier fee.). Fees are charged on a quarterly basis.
